

Baltazar's Cape

This magic cloak gives its wearer increased magical abilities as it slowly crumbles.

The cape gives its wearer the possibility to add 3d6 six times to his or her mana pool at any point, without using an action. This cannot raise the total mana above the wizard's maximum.

Necklace of Deflection

Another powerful object of unknown origin, this necklace magically creates an invisible force field around its owner.

*Whenever hit by a projectile from ranged weapons or traps (arrows, darts and sling stones), you may roll on the table in the *Legendary Items Book*.*
